PHASER[®] 1235 COLOUR PRINTER

The new Phaser 1235 colour printer from Xerox brings colour up to the speed of today's business.

Our advanced single pass technology delivers full 1200 dpi colour at a record-breaking 12 pages per minute.

Fast networking and connectivity gets your entire workgroup printing in colour immediately. Fast and easy paper handling, printer management, and user-focused features keep you printing reliably page after page.

See what breakthrough colour from Xerox can do for your business.

ADVANCED SINGLE-PASS TECHNOLOGY GIVES YOU:

breakthrough print speed

12 ppm colour (20 ppm black and white) at 1200 dpi resolution.

Single-pass colour technology delivers a fast, efficient first page out at 18 seconds colour and 13 seconds black and white.

The powerful 366 MHz processor gives unparalleled performance with fast throughput.

Fast Ethernet — 10/100 BaseT built into every model — powers your document to the printer fast.

easy connectivity and maintenance

Network ready right out of the box. Just run the auto install routine and your workgroup is printing in colour.

High capacity toners mean that the 1235 is always ready to print when you are.

Ergonomic design allows easy access to paper path and consumables.

Printing Scout delivers instant pop-up help solutions to keep you printing.

a printer you can depend on

Heavy duty cycle of up to 60,000 pages/month means that you can rely on the 1235 to handle a large workload.

Fewer moving parts mean fewer interruptions and more trouble-free printing.

Simple paper path reduces jams, enhances reliability and increases productivity.

A full one-year on-site warranty.

superior colour quality

1200 dpi resolution means you can print high-impact proposals and brochures as well as everyday documents.

Consistent, accurate colour for all your documents. With built-in colour tools for fine tuning, and Xerox imaging technology you get added sharpness and clarity.

enhanced productivity tools

Improved user interface, browser-based management and a large number of standard productivity tools help you get more done faster and easier.

selected tools for the user:

Collation printing provides collated copies of multiple-page documents.

RIP-while-printing processes multiple jobs concurrently.

Remote printing allows users to print directly to any Phaser printer on a TCP/IP network.

selected tools for the IT manager:

CentreWare Printer Management lets you manage your printers from anywhere using your web browser.

E-mail alerts are automatically sent to system administrators who can correct problems before they impact productivity or to resellers to provide more consumables.

PrinterMap enables proactive management, usage tracking, automatic report generation of your printers, regardless of vendor. Printer groupings, settings, and alerts can be easily customised.

flexible paper handling

Unparalleled media flexibility lets you print letterhead, report covers, labels, business cards, envelopes, transparencies — all in colour. Media weights from 60-203 gsm.

Two-sided printing option is automatic, fast, and saves paper costs.

Unique cart option offers convenient extra storage and adjusts to the correct height even if you add one or two lower trays.

Configure your 1235 to suit your printing volumes. Add up to two additional 530 sheet trays for a total capacity of 1,690 sheets.

Phaser 1235DX configuration includes 256 MB RAM, automatic 2-sided printing, 5 GB internal hard disk, two additional 530 sheet feeders, and a height optimised cart.
