# Product Overview

The Phaser® 3500 monochrome laser printer is an extremely fast entry-level network printer for small business and enterprise workgroups. It's small size, high-speed and powerful feature set combined with a low price, deliver excellent value.

## Outstanding Performance.

The Phaser 3500 prints crisp output at up to 35 ppm (33 ppm in A4 size) and 1200 x 1200 dpi image quality. A 400 MHz image processor and superior Phaser imaging algorithms deliver the first page in as fast as 10 seconds. A strong feature set includes a 32 MB memory expandable to 288 MB, 4 MB flash driver for front storage, a job cancel feature to save time and paper and support for Windows 2000, Microsoft XP, Mac OS 9.x and higher.

## Workgroup Ready.

Multiple users are easily accommodated with 10/100Base-TX Ethernet in the N and DN configurations. Standard input capacity of 600-sheets is expandable to 1100-sheets for longer uninterrupted printing. The monthly duty cycle of 100,000 far exceeds the competition.

## Great Value.

The advanced feature set, speed and compact size of the Phaser 3500 combined with a low purchase price, provide a price/performance ratio that is very attractive to small businesses, as well as to small corporate workgroups. The Phaser 3500 comes with a One-Year on-site Warranty.
