PRINT MORE DOCUMENTS, FASTER

Increase employee productivity by reducing time spent waiting for files to process and print. Fiery SmartRIP processes large and graphic-rich files to deliver finished prints fast. For large corporate workgroups with high print volumes, documents are printed quickly so more work can get done, faster.

ACCURATE, CONSISTENT COLOR

Ideal for any business that needs to print high-quality color documents simply, quickly and affordably, from all applications and file formats.

- Print logo and corporate colors correctly (including PANTONE colors)
- Print high-quality photos and images

CREATE PROFESSIONAL, FINISHED MATERIALS QUICKLY AND EASILY

- Fiery FreeForm™ Create makes creating personalized documents free, fast, and easy
- Use Fiery VUE, the “visual print driver,” to create and print professional booklets quickly, easily and cost effectively in-house
- Easily print files with mixed paper sizes and types

INTEGRATE WITH STANDARD WORKFLOWS

- Integrates with Xerox® Standard Accounting and Xerox® ConnectKey® Apps to increase user productivity by simplifying and shortening everyday tasks.
- Compatible with applications such as Xerox® Workplace Suite, Xerox® Workplace Cloud, PaperCut MF/NG, Kofax Equitrac Office/Express, YSoft SafeQ, and more.

REDUCE COSTS

IT administrators can create Fiery Virtual Printers (optional) or customized printer drivers with appropriate print options for different groups of users. This enables users to print correctly and economically, eliminating waste, with a simple File>Print operation.

The affordable solution to print professional, finished documents with world class color – no expert knowledge required.
