Xerox® Phaser® 3635MFP Multifunction Printer

Print. Copy. Scan. Fax. Email. The Xerox® Phaser 3635MFP multifunction printer gets your critical office tasks done with speed and efficiency, delivering a powerful all-in-one solution at a great value.

More capabilities for more people

A powerful work group multitasker, the Phaser 3635MFP delivers a set of features that you would usually expect to find on large, departmental multifunction systems.

33 ppm

- **Fast results.** A quick print and copy speed of up to 33 ppm keeps pace with your work group print demands.

- **Powerful scanning.** Capture and share your documents with advanced scanning tools.

- **Digitise, organise, distribute.** Maximise your hardware investments, and manage and distribute documents more effectively, with innovative Xerox® Workflow Solutions (built on Xerox® Extensible Interface Platform® (EIP) technology) and software solutions from Xerox Alliance Partners.

- **Enhanced security.** Hold private print and fax jobs in the queue until they're released by the job owner. Image data from the device's memory can be automatically "shredded" after every job or on request, and you can easily limit or restrict access to device functions for enhanced security.

- **Impressive results.** 600 x 600 dpi printing (up to 1200 x 1200 enhanced image quality) delivers outstanding print resolution without slowing down the all-around exceptional performance.

- **Save paper, save money.** Standard automatic two-sided printing and copying reduces paper usage, while helpful features like N-up and booklet printing let you easily create documents like handouts and presentation packs.

The Xerox experience: a familiar advantage

With the same walk-up simplicity our larger devices are known for, the Phaser 3635MFP gives your work group all-in-one productivity that's totally Xerox.

- **Big functions, small size.** Whether on a desktop or as a floor-standing unit (with optional cabinet stand), the small size fits where you need it and replaces single-function machines with one convenient multifunction solution.

- **More control.** Xerox Standard Accounting software provides accounting features that let you track and analyse device usage by function for greater cost control.

- **Workflows made easy.** Simple controls let you set up the touch-screen to prioritise the functions your staff uses most, while a host of optional solutions offered by Xerox and third-party providers make the Phaser 3635MFP even more useful.

- **Easy adaptability.** Engineered to easily meet the needs of any industry, the Phaser 3635MFP features Xerox® Workflow Solutions (built on the Xerox® Extensible Interface Platform®), which enables personalised, business-specific applications you can access right from the colour touch screen.

Easy to operate and maintain

Designed top to bottom for optimum ease of use, seamless network integration and unbeatable reliability.

- **IT-friendly.** Network printing is easier than ever to manage. CentreWare® IS internal web server allows administrators to remotely monitor printer status, configure settings and receive alerts. For enterprise-level printer management, CentreWare® Web makes it easy to install, configure, obtain reports and troubleshoot all network devices, regardless of manufacturer.

- **Ready for action.** Installation is extremely fast and easy, getting your device up and running on the network in minutes.

- **Easy supplies replacement.** All-in-one, user-replaceable print cartridges greatly reduce time spent on device interventions.

- **An easy fit.** Network integration has never been easier and with built-in LDAP support, your system administrator can upload your company's address book directly to the device for fast access to recipients' email addresses and fax numbers.

- **The Xerox-exclusive Print Around feature** holds a job needing resources (such as a different paper size) and prints the next job in the queue.

1. **Duplex Automatic Document Feeder.** Gives you convenient, money-saving, two-sided output across all functions – printing, copying, scanning and faxing – on a variety of media.

2. **80 GB internal hard drive.** Lets you handle more tasks at the device. Use the Save Print feature to keep frequently used documents available for quick printing on the go.

3. **Advanced faxing capabilities.** Includes Embedded Fax and LAN Fax (for paperless faxing right from your desktop), plus Fax Folders, Secure Fax Receive and fax forwarding options (available on 3635MFP/X configuration). The Network Fax Server and other third-party solutions create even more fax workflow possibilities.

4. **One-touch power-down.** Allows fast and simple switching to power save mode or device shut-off during periods of extended down time. Another press of the button quickly restores power.

5. **USB direct printing/scanning.** Lets you save to or print directly from any USB memory drive. Quickly scan a hard copy document and save it on your USB drive for portable storage on the go, or walk up and print with no computer needed.

6. **A built-in convenience stapler.** Lets you staple documents at the device and quickly be on your way (3635MFP/X configuration).

7. **Add an optional 500-sheet paper tray.** Boosts total paper capacity to 1,050 sheets.

So advanced it's simple, the cutting-edge, 7 inch, full-colour touch screen redefines walk-up ease-of-use. Whether printing, copying, scanning, faxing or emailing, the bright, colourful display guides you from start to finish with large, clear, easily recognisable icons.

Advanced scanning, simplified

With the power of scanning built-in, the Phaser 3635MFP multifunction printer delivers cutting-edge yet easy-to-use solutions for seamlessly creating, organising and distributing business-critical digital files.
